

Judge Murray out of the race. McNeill will have an easy walk for re-election.

"Buck" Kendall, of Elizabethton, is the first to declare himself a candidate for Commonwealth's Attorney.

Mr. Murray is declining to make the race for Circuit Judge last Monday. As the course of his remarks, made the best plea for Democracy the News ever heard in Hardinsburg. We are only sorry that more of our Democratic friends are inclined to be led off with the fallacies of the Third Party were not there to hear him.

The District Democratic Committee met at Hardinsburg yesterday and selected Saturday, August 27th as the day for holding the Democratic Primary for the purpose of selecting candidates for Circuit Judge and Commonwealth's Attorney. In this, the Ninth District, composed of Breckinridge, Meade, Hardin and Clay counties.

It is reported that Mr. Wm. H. Bell contemplates moving his family to Cloverport about the first of August.

The withdrawal of Judge Murray from the Circuit Judges race here Monday created general surprise. This leaves the field practically to Judge McNeill.

Mr. Jesse Whitworth and Coleman are arranging to give an excursion on the L. H. & W. from Fortuna to Louisville on next Saturday in August.

Rev. L. K. Campbell began a protracted meeting out at Mt. Zion last Sunday. It will continue until after the Quarterly meeting, which will be held there the fifth Sunday in this month.

Judge Murray gave the boys a sound Democratic talk at the Court-house Monday. All who heard it pronounced it first class and to the point. It is to be made a few such at different points in the county now it would undoubtedly be the same.

The Third party people will meet here next Saturday to put up a candidate for sheriff. It was reported at West View last Saturday that they would probably allow his name to be used on the ticket. This may be so, but it sounds a little singular. Mr. Jolly has all along been a mighty strong working Democrat.

The crowd in town Monday was not up to its usual standard here on a County Court day. However, a good many got in to see the shank of the evening.

Some of the candidates for clerk made short speeches. They did fairly well, and the crowd appeared to be pleasantly entertained. Messrs. Skillman and Coleman entered a little protest to the announcements of Mr. Wilson for speaking over the county, previous to the primary.

They thought it was a violation of the law, and they were at it for some time. Mr. Wilson, however, on hand and follow him through. Mr. Wilson claimed that false rumors concerning his record as a Democrat had been set afloat and he wished to correct them.

The picnic advertised for West View last Saturday was held a mile beyond the town the first of the big day. This was a scheme usually practiced on picnics, to get them into the woods, away from any places of business, and then if they saw any money to spend the picnic managers get it all. There is evidently great policy in that kind of business.

There was quite a crowd went out on the road along the creek road and made their picnic. They enjoyed the ride along the creek road and made their picnic. They enjoyed the ride along the creek road and made their picnic.

Hot and growing hotter. Four pounds of nice, pure, good rice for 25 cts.—Alexander & Pile.

Mrs. John Alexander, Burns, is at her son's O. Alexander, on a visit.

Mrs. N. J. Ackerman, of Huston, Texas, is visiting her mother, Mrs. Board, near this place.

Miss Betty Taylor, of the Hardinsburg High School, was visiting Mrs. F. B. Lyon last week.

Miss Sarah Carter, of Louisville, who has been a few weeks with Nipie Moll, Lyon, is now with relatives in the vicinity.

Mr. George Pile has been at Hardinsburg for the past week having a cancer-like affection of the face treated by Dr. Klinehouse.

Fine furniture food for nearly one-half the price of the world, and a great many others will use it when they learn how it is sold by Alexander & Pile.

Mr. and Mrs. Marcelina Butler, of Louisville, arrived here Friday to visit friends and relatives. We understand they will be here several weeks rustling and resting.

W. T. Gregory, Garfield, was in town last week and remained over night. We learn that he will this year, as usual, teach two schools. His popularity as a teacher makes the people willing to wait for him.

WANT—By the citizens of Custer a few thousand feet of lumber to construct fences to take place hills on. Hills are now sent in and brought in from other places in such numbers that room cannot be found to post them.

None of the inhabitants of the Burns neighborhood, we understand, are wearing a "skinned eye" and keeping their limbs in good running order. Marshall Pate sometimes takes around there and the boys enter with a velocity which defies competition.

Custer has been pointing her inhabitants into the surrounding fields, lanes and hedges for blackberries for the last week. Gallons of fruit and thousands of terrifying, post-hole, all-provoking "Chiggers" have been gathered.

From the frequency with which we meet city people on our streets, we are led to the conclusion that one is one of the county's most attractive little towns. All we need is a daily stage connecting with the trains at Guston or some other place so that people may not be inconvenienced in reaching us.

Sandy Butler and Sandy Oliver were on the sick list last week. From present favorable symptoms, their speedy convalescence is expected. (Then Jimmy has been elected clerk of Mr. Oliver's sickness.)

Mr. Turley, of Mattoon, Ill., arrived a few days ago and has taken rooms at the Custer House. He is a native of Massachusetts. Scholarship of many years and much experience, he takes fluently on geology and locally on natural history.

LOG CAUGHT EM. Marshals Pate Swoops Down And Scoops In Some Of The Boys.

Whenever you hear of Log, Pate being at home, look out for something to happen in this part of the country. Log, you know, is a "United States Deputy Marshal, and is in very bad health, but it seems that just when he is the most indisposed (?) is when he is laying for Breckinridge county law breakers. He has been sick for a week or two, and one day last week he passed through this city enroute to Owensboro with four prisoners who were charged with selling liquor without license.

The persons arrested were John Pulliam, Henry Alexander, Charles Sholly and Bob Mattingly. All had been selling whiskey, but Mattingly, who had been disposing of Dr. John H. Hays' famous Rheumatism medicine, which is perfectly legitimate, provided it is sold as it should be—properly compounded. No one who knows Bob Mattingly would think that he would violate any law, and the result of his trial will be next-ly caught by his many friends.

As the principal ingredient in Dr. Hays' Rheumatism is pure apple brandy, it was not long before the law officers and it has been frequently used as a beverage in local option and prohibition districts, and unprincipled dealers have taken advantage of their patient to sell "straight goods" under the guise of a medicine. It is not thought Mattingly has handled the goods in any other way than a legitimate case.

MONTHLY CROP REPORT.

OFFICE OF THE COMMISSIONER IN
AGRICULTURE, HORTICULTURE
AND STATISTICS.

FRANKFORT, Ky., July 7, 1902.

The reports of the condition of the
growing crops of the various kinds
of the State, for the month ending June
30th, indicate that the season has been
fairly good.

WHEAT.
As to this crop the harvest has been
completed. The large majority of the
correspondents report that the crop will
be very superior. A number complain
of chaff and other trash which has not
been filled as they expected. The weather
for threshing has been good until the
last week in the month, and in some
places there are complaints of too much
rain. In a comparison with last year's
crop the per cent. of the average is 103
and the condition is 100.

CORN.
The weather during most of June has
been that which was required for corn.
That which was planted early looks well
and in good growing condition. The
late corn much better than the farmers
expected, the early weather being fair
for planting and killing weeds. Some of
the late planting is very small, and will
require more plowing after harvest than
is customary. A number of correspondents
report that the ground from the
excessive wet weather in the spring is
very hard, and many places are dry and
want rain. The per cent. average is 102
and the condition is 100.

RYE.
The average in rye is very large, the
indication being that it will about
equal that of last year's crop. A large
part of the crop was not set out until
late, some farmers not having been able
to work until the last few days in the
month. The outlook for the crop now is
good, though a few complaints of the cut
worm have been received. The per cent.
is 100.

BARLEY.
The prospects for a fine quality of rye
are good, but the crop will be small, the
per cent. being 100.

POPLAR.
The reports of this crop show that the
average is 90, and the condition 104 per
cent.

CLOVER.
This crop is unusually large—103 per
cent. Crop due—100 per cent.

TURNIPS.
All kinds remarkably good—105 per
cent.

APPLES.
The crop of apples will be fair—75 per
cent.

PEACHES.
A fair crop in some localities, and the
per cent. 68.

SORGHUM.
As compared with last year, the average
of this crop is 75 per cent.

HEMI POTATOES.
A large crop of potatoes may be expected.
The reports of this crop show that the
average is 100 per cent. In average, and
60 per cent. in condition.

BEANS.
Prospects are good for a fine crop—
condition, 82 per cent.

WHEAT.
Sheared wool, as compared with last
year, is 90 per cent.

Very respectfully,
NICHOLAS McEWELL,
Commissioner.

The Fourth At Irvington.

At a time like this when the American
mind is bent on patriotic demonstrations
it is interesting that the world should
show that Irvington is on the Big Way.
Winkle order and not enthused with
40th-July holiday. While bills and
posters announced it, yet, a very en-
joyable day was spent in our city, cele-
brating the 4th, on the "glorious Fourth"

—the occasion being the meeting of the
Tennis club and election of officers.
Early in the morning, however, the
arrangements began to arrive, laden with ple-
asure seekers, carrying well filled ham-
pers; and ere the sun's beams were
so ardent quite a gathering of the
citizens of Irvington and vicinity were
collected near the marble of the town
bent on laying aside the burden of care
and crowning pleasure (even that of the
business houses) were all, and the
direct shopkeepers and clerks were all
"business" men but American citizens
at least on refraining the inner man
with 4th of July accessories.

Formal, of course, was the game of the
day—re-creating young America that to
our fathers broke from old England
on this day, one hundred and seventy
years ago, they too, could beat the En-
glish cricket in a friendly contest of an
English game.

When the compliments of the day
were passed, and some pleasant indica-
tions of refreshment were served in
prize style, and Kentucky long-staff
was a part of the sumptuous feast
spread so temptingly on the green lawn
and all invited to partake, and cheer for
the day.

Mrs. Kate Washington and Mrs. John
Wimp were the prize-winners of the
day, and as a natural sequence the
reason of and the flow of soul and
cheerful spirit, and the long-staff was
played in the afternoon an election of
officers was held, which resulted as follows:
Miss Nellie Henderson, President;
Mrs. Floyd Roberts, Vice President;
Miss Mary Henderson, Secretary.

Washington Secretary. Executive Com-
mittee, Miss Nellie Henderson, Miss
Henderson and Miss Maggie Carter.

This was the first of a series of entertain-
ments to be given by the club, during
the summer, and if the program is well
carried out, the season will prove a very
enjoyable one. The following members
comprised the club: Miss Nellie Henderson,
Miss Mary Henderson, Miss Ken Wal-
ton, Miss Maggie (Greenwood), Miss
McClintock, Miss Mame Washington,
Miss Rose Washington, Miss Nellie Mc-
Gowan, Miss Mary Henderson, Miss
Maggie Carter, Miss Nora Henderson,
Misses Henderson, McEwen, Charlie
Clayton, Worldland, Frank Carter,
Floyd Roberts, Dr. Eugene Roberts,
Dr. Henderson and Mrs. Henderson.

The club meets at Irvington every
Saturday and is the occasion of enjoyment
and sociability.

Several persons from a distance have
visited in the neighborhood helped to
swell the pleasure of this celebration
among them being Miss Jessie Jolly, of
Owensboro, Miss Mattie Mattingly, of

It dull, spiritless and stupid; if your
blood is not glowing; if your ap-
petite is capricious and uncertain, you
need a Sarsaparilla. For best results
take Dr. Williams' Sarsaparilla. Sold by
Sears, Roebuck and Co., and all dealers.

Her sufferings are now over.
There loved ones were so near.
For she has been her money's worth,
Upon a brighter shore.

God ever doth all things well,
With truth and justice always.
And was this dear hand that placed
The flower from the spray,
The sweetest form so to be home,
For she has been her money's worth,
Upon a brighter shore.

It seems too hard to get up when
her family needed her counsel and care.
We can only weep with them and say
that the prospect of a better life is
been taken from the aim and evil of this
world.

No more on earth will we see our
loved one's gentle smile nor hear her
voice. Her labors here were not fruit-
less, her work was undone. She was cut
down in the prime of life. But we
could not mourn as those without hope
do should look forward to the bright re-
surrection morning, when friend will
again meet friend, husband and wife will
be united, mother and children will ac-
quire each others face and soul, and part-
ings will indeed be no more.
